Welcome to the World of Design

IDPT - SCET

IDPT-SCET is a nationally renowned institution imparting quality education in the field of architecture, interior design, urban planning, fine arts and technology. Having a progressive pedagogy, IDPT offers various global exposure programmes and international collaboration with renowned universities around the world. With a mix of experienced and enthusiastic faculty members, IDPT's unique approach with liberal studies & transdisciplinary curriculum enables students to explore their individual interest. The learning ecosystem that is offered at IDPT ensures development of students as creative, sensitive and responsible individuals ready to face worldly challenges.

ABOUT THE PROGRAMME

The M.Arch.(Urban Design) programme aims to engage in multi-disciplinary approach and become effective in forming the vision for holistic development. The programme specifically focuses on the Indian scenario & its transformation. The Urban Design programme at IDPT - SCET addresses two major issues of 'Relevance' & 'Adaptability' in its course structure to ensure effectiveness and absorption of graduates into decision making positions in government sector, practice as well as academics. The graduates are trained to make active contributions to development in India and at the same time they will be equipped to address key global issues such as climate change, environmental sustainability, social cities, digital design and its application, which is the need of the hour.
